

What is Case Management and Family Support?

DSC Case Management/Family Support Services (CM/FSS) provides a full range of services to children and adults with developmental disabilities. Each individual works with a Case Coordinator to individualize plans and support. As the single point of contact for each individual, the CM/FSS staff is responsible for coordinating the collaboration of agency and community service providers.

All Case Management staff members are required to complete Direct Support Person (DSP) training, encompassing both classroom and 120 hours of supervised in-the-job training.

How Can I Help DSC continue its work?

We welcome your volunteer assistance and contributions. Our staff is available to provide tours or speaking engagements to individuals or groups. Gifts to our agency are far more than tax-deductible donations; they are investments in the future of individuals, families and our communities.

What is Home-Based Support Funding?

You or a family member may receive a Home Based Support Waiver from the Illinois Department of Human Services (DHS), which provides financial support to individuals with developmental disabilities. This funding allows individuals and their families the flexibility to access services of their choice that are most important to them, facilitated by an authorized Service Facilitator of DHS.

DSC offers facilitation services for the Home Based Support Waiver to anyone who receives this funding. Let the experts help facilitate what is most important to you!
